Taking Back the Boulevard
is a white working-class consumer demand for authentic experiences of "living on the edge" and a spirit of cultural rebellion. These neighborhoods have grown through several stages, from suburban structure, to disinvested neighborhoods with the construction of highways and white flight, to inner-city decay, to the home of Chicano/a art in the 1970s. These areas were then followed by non-Chicanos, while others were transformed by gentrification pressures by the neighborhood's street life, and given names that earlier inhabitants had worked to create. Luis argues that gentrification is not a simple transition, but a series of changes that displaced and re-invested neighborhoods with financial and cultural capital.

Taking Back Our Streets
30 years and the book's publication, Rubin and Smith have blended their observations about the explosive power of the political culture in the city's political life from the early citizen movement to more socially progressive coalition work involving professionals, environmentalists, citizens, protesters, and area organizers. Rubin explores how accelerated gentrification and displacement of Latinos and working-class households in the 1980s has led accelerated new rounds of activism on the community groups with new class conflicts and social divides in the struggle to redefine the neighborhood.

our dear leaders and— the planet. Movement asks radical questions about how we appreciate the big picture. How can we organize and maintain our own leaders while making sure that those who do our street-living belong? Although there have been experiments in de-urbanizing traffic-in-centre cities, and in an increase in bike-friendly infrastructure, there is still a long way to go. In this insightful and provocative book, Thakur Varma and Marco Burrello confront their own underlying beliefs and challenge us to rebuild our cities so people can live at peace with each other.
