The Red Thread - Nicholas Jose 2015-06-30 A seductive literary love story set in contemporary Shanghai, The Red Thread intertwines the lives of two pairs of lovers across the centuries. Shen, a young, American-educated appraiser in a Shanghai auction house, is captivated by Ruth, a self-possessed Australian artist who happens into one of his auctions. As they fall in love, Shen finds that their lives are strangely mirrored by those of the characters in a rare Chinese manuscript that is nearly two hundred years old, and of which the last two chapters have never been found. Shen's search for the final chapters goes from one of curiosity to one of desperation when he realizes that the future of their relationship, and the prognosis for Ruth's failing health, seem to be foretold in the missing pages. Interwoven in the novel and presented in red type are passages from the actual nineteenth century memoir Six Chapters of a Floating Life that illuminate the lovers' parallel lives. An elegant and multilayered novel, drawing comparisons with Memoirs of a Geisha and The English Patient, The Red Thread is evocative, moving, and unforgettable.

Hidden away in the same tiny apartment in the same broken-down NY neighborhood, Peter is just fine with the nothingness of his life. And then the dreams begin. His boyhood sweetheart, Mary, clear as the day the German soldiers dragged them apart all those years ago. It's as if she is beckoning him to come find her. Begging Peter to venture out into a world he has hidden from all these years, to save her from a mysterious, dark force threatening to overtake her. And as his dreams become more real, and Mary's danger more imminent, Peter sets out on a most unusual adventure to save her and to re-engage with a world that has passed him by. Red Thread Zen - Subhana Barzaghi 2014-07-15 Some of us have arrived at this particular point in our spiritual journey with a little extra baggage about passion, love, and sex, and I have noticed that many people on the spiritual path have a tendency in the mind to create a polarisation or a separation between the spiritual path and the sexual life. So what is the Tao of love, passion, and sex? This very body is the lotus of
the true law, linking human beings to birth and death by the red thread of passion. This approach was closely related to Tantric Buddhism, that used sexual union as a religious ritual.

Red Thread Zen-Susan Murphy 2016-10-01 Love,
attachment, the passions, gender, carnality, birth, bodily being, mortality, belonging, suffering, hope, despair, personhood, imagination, vitality, the struggle to be fully human – how do these things dwell wholly in emptiness, how do we reconcile their vivid life with 'no-thingness'? The red (or 'vermilion') thread originally connoted the color of the silk undergarments courtesans were obliged to wear. Most spiritual traditions do their best to distance themselves as thoroughly as possible from such direct and intimate contact with the fact of impassioned human bodily being, if not to declare open war upon the flesh, and the female body that most plainly bears flesh into the world. Spirituality has trouble dealing with the fact that we arrive here covered in blood. But the red thread can never be cut. Why not? Why would no perfectly accomplished saint ever even dream of cutting it? Red Thread Zen will set out to explore every corner of the magnificent koan of being 'still attached to the red thread, or 'line of tears'. This is an argument against the bloodless and socially disengaged form of 'Buddhism' that is generally being gestated in the West, one that shades too readily into the blandest of bland self-help.

There is an ancient legend that spans across the Asian continent about a certain red thread that binds two lovers together by true love. The Red Thread of Destiny cannot be affected by its possessor no matter the circumstance, time, or place. The thread will endure through it all. No matter how much the thread stretches or tangles, it will remain unscathed. Some believers in the Red Thread of Destiny also state if the love is true, the lovers can feel their pinkies tighten or see a shimmer of red twine twinkle when they hold hands. Otherwise, the thread remains unseen. Some legends posit you can trip over this thread. If lovers seemingly fall over nothing, this is why. Believers also say that when these things begin to happen, the pair are growing nearer to each other. Crystal Ann Alston works for the New York Times. Cole Dakota is a modern movie star. **Red Thread**-Charlotte Higgins 2020-03-24
The tale of how the hero Theseus killed the Minotaur, finding his way out of the labyrinth using Ariadne's ball of red thread, is one of the most intriguing, suggestive and persistent of all myths, and the labyrinth - the beautiful, confounding and terrifying building created for the half-man, half-bull monster - is one of the foundational symbols of human ingenuity and artistry. Charlotte Higgins, author of the Baillie Gifford-shortlisted Under Another Sky, tracks the origins of the story of the labyrinth in the poems of Homer, Catullus, Virgil and Ovid, and with them builds an ingenious edifice of her own. She follows the idea of the labyrinth through the Cretan excavations of Sir Arthur Evans, the mysterious turf labyrinths of Northern Europe, the church labyrinths of medieval French cathedrals and the hedge mazes of Renaissance gardens. Along the way, she traces the labyrinthine ideas of writers from Dante and Borges to George Eliot and Conan Doyle, and of artists from Titian and Velázquez to Picasso and Eva Hesse. Her intricately constructed narrative asks what it is to be lost, what it is to find one's way, and what it is to travel the confusing and circuitous path of a lived life. Red Thread is, above all, a winding and unpredictable route through the byways of the author's imagination - one that leads the reader on a strange
and intriguing journey, full of unexpected connections and surprising pleasures.

Her early life in rural Washington state seemed idyllic. With loving parents, two brothers, and her beloved pets, she had a childhood to be envied. Essentially left to raise herself, she embarks on a lifelong journey of self-discovery, guided at unexpected times by "the voice" only she can hear. Even the most mundane choices, such as where to go to college, seem to be divinely directed. Haunted by recurring loss, Noelle is determined to find her birth mother, to uncover the secrets of the feelings and visions she cannot contain or control. In surviving the breakdown of her husband and marriage, she realizes she has a psychic connection with the family she never knew, and in a series of incredible events reunites not only with them, but also eventually with her soulmate. A true account of one woman's life, existing as not one, but two people: one born and one adopted, and enduring the reality of not completely belonging in either world.

The Clue of the Red Thread - Julie Tallard Johnson 2021-01-26 In Greek mythology, Ariadne held authority over the mazes and labyrinths located beneath the palace of Knossos on Crete, including the labyrinth that housed the
deadly Minotaur. When Theseus came to attempt to free the people from the Minotaur, Ariadne gave Theseus a ball of red thread to mark his passage in and out of the labyrinth. The thread was the key to successfully navigating the labyrinth’s many twists and turns, and Theseus ultimately confronted the Minotaur. In her teaching, Julie Tallard Johnson notes that metaphorically, we all spend our lives in a labyrinth, regularly having to face forked paths, contradictory twists and turns, and dead ends. Red thread is a rich analogy for the wisdom passed on to us from generations of spiritual teachers, and this wisdom guides us through our labyrinths. In The Clue of the Red Thread, Johnson, longtime student of author, teacher, and activist Parker J. Palmer, offers numerous practices and strategies for navigating what she calls the greatest adventure of our lifetime: going inward to discover who we truly are, then returning outward to blossom into a fearless and compassionate citizen, living with integrity while both keeping hold of the red thread in our own lives and moving forward to pass it on to others.

**Red Thread**-Teresa Mei Chuc 2012-07-18 This collection of poems is largely autobiographical, telling the turning points in a life that began in war-torn Vietnam. Somehow, unlike many, Teresa and her family survived, although her parents were separated for a long time. She, her brother, and her mother escaped Vietnam in a ship crowded with frightened immigrants, and in time they settled in California, bringing with them their nightmares, their memories, their history and culture. Family is a recurring and insistent theme in this
book. Teresa devotes her art to her grandmother, her mother, her brother, her son. This is the story of a refugee family who settled in California, bringing with them their nightmares, their memories, their history and culture. “Teresa Mei Chuc’s poems speak from the heart of one woman’s experience, and expand beyond the personal to reveal and record the common experience of multitudes.... The ‘American experience,’ what is it? Chuc’s Red Thread offers us all another piece in this difficult puzzle.” -Lowell Jaeger, Editor, New Poets of the American West
