Modern Business Management- Doug Doug- Beck 2011-11-10 "Transform your entire organization, not just a part of it. Take a modern look at the world of the business-agility rather than thinking about how to lead or even agile. Many people and businesses believe that "Agile" will solve all their business and organizational problems. The truth is that "Agile", especially team-level agility, is not the same as being agile organization. Authors Doug Doug and Lauren A. Share their years of experience in transforming organizations and explain how organizations can use Agile as a tool to improve their performance, solve problems, and improve their bottom line.
