3.4 Perception - Organizational Behavior
The first impressions we form about people tend to have a lasting impact. In fact, first impressions, once formed, are surprisingly resilient to contrary information. Even if people are told that the first impressions were caused by inaccurate information, people hold onto them to a certain degree.

Rent Intermediate Accounting, 17th Edition Paper for $39
Intermediate Accounting, 17th Edition is written by industry thought leaders, Kieso, Weygandt, and Warfield and is developed around one simple proposition: create great accountants. Upholding industry standards, this edition incorporates new data analytics content and up-to-date coverage of leases, revenue recognition, financial instruments, and US GAAP IFRS.

Unit 14 Unemployment and fiscal policy - The Economy
To see what this means in practice, recall from Unit 13 that consumption will change as a result of people becoming more or less optimistic about their future employment and earnings prospects. Figure 14.3 illustrates how expectations affected consumption in the financial crisis of 2008 and highlights the exceptional nature of this episode.
