As archive editor, she publishes a twice-weekly newsletter, excavates work from the magazine’s history, and serves as an internal resource about it.

Das Kapital - Wikipedia
Themes. In Das Kapital (1867), Marx proposes that the motivating force of capitalism is in the exploitation of labor, whose unpaid work is the ultimate source of surplus value. The owner of the means of production is able to claim the right to this surplus value because they are legally protected by the ruling regime through property rights and the legally established distribution of ...

Distributive Justice (Stanford Encyclopedia of Philosophy)
Sep 22, 1996 · 1. Scope and Role of Distributive Principles. Distributive principles vary in numerous dimensions. They vary in what is considered relevant to distributive justice (income, wealth, opportunities, jobs, welfare, utility, etc.); in the nature of the recipients of the distribution (individual persons, groups of persons, reference classes, etc.); and on what basis the ...
